

To Our School Families and Community Members,

The Guffey Community Charter School Board voted unanimously at a special meeting on January 17 to offer Martine Walker the position of Administrator, effective July 1, 2017. We are pleased and excited to announce that Martine, presently living in Colorado Springs, has enthusiastically accepted our offer. The Board, staff, and other members of the search committee agree that Martine will be a great addition to our school. During the application and interview process, it became evident that not only is she qualified for the position, but that she understands and supports the value of what we do at the Guffey School, both for our kids and our community. Martine will be at our school on occasion throughout this school year to work with Pam and our teaching staff. We hope you will all join us all in welcoming Martine to our school.

Sincerely,

Guffey Community Charter School Board
